

## LITHIUM COMPLEX EP 2

**Characteristics:** **LITHIUM COMPLEX EP2** is multi-purpose lead free lithium complex grease, with excellent high temperature performance and long life capability. Good fretting corrosion performance, low water washout and good protection against bearing corrosion, combined with excellent mechanical stability and load-carrying capability makes it ideal multi-purpose grease.

**LITHIUM COMPLEX EP2** consistently gives excellent high temperature performance and a wide operating temperature field from –20°C to +150°C. This product is suitable for all grease application. It is especially suitable for grease-lubricated rolling and sliding bearings at medium speed at normal and higher temperatures.

**Data:**

NLGI consistency	2
Colour	amber
Thickener Type	Lithium Complex
Drop point °C	>240
Timken OK load kg.	> 27
Worked penetration	280
Base oil viscosity @ 40°C	200

**Special features:**

- ❖ **Resistant to water wash out**
- ❖ **Protects bearings against corrosion**
- ❖ **Excellent lubrication properties**
- ❖ **Long life**
- ❖ **Economical**
- ❖ **Good anti-wear properties**
- ❖ **Excellent load carrying characteristics**

**Transport:** Not dangerous goods.

**Disposal:** EAK-Code: 12 01 12, As per country legislation.
